ONE BRAND. MULTIPLE SOLUTIONS.

Built to help businesses work smarter, communicate better and move forward with confidence.

WHO WE ARE

One Group. Four Connected Verticals.

WSSR Group brings together four complementary business areas under one brand: technology services, smart products, creative studio solutions and mobility. Our aim is to make it easier for customers to access practical solutions across digital, workplace, creative and travel needs.

Technology

AI solutions, custom software, websites, mobile development, cloud technology, digital marketing and business automation.

Smart Products

Smart classroom and workplace solutions, interactive displays, monitors, cameras, digital signage and related technology products.

Studio

Website design and setup solutions for modern spaces, including corporate offices, smart classrooms, podcast studios and YouTube studios. Services can include space planning, furniture selection, technology integration and equipment setup.

Mobility — RideOn India

Cab booking services for local travel, airport transfers, outstation journeys and North India tours.

OUR APPROACH

Innovation • Customer Focus • Quality • Sustainable Growth

We combine technology, thoughtful product choices, creative execution and dependable service to help customers find solutions that fit their goals.
